In loving memory of Buddy

26/06/11 – 24/07/22

Wish we could – say goodbye one more time

See you one more time

Touch you one more time

You left us with a hole in our hearts so suddenly. Already we miss your tilted head with those eyes of love and look of appreciation.

We will cherish your warm display of love, that nudge for a scratch and affection, the endless swimming and presence around us.

Opening the gate brings sadness as there is no Buddy with his most loud bark greeting with happiness and joy, to see us home.

No more digging for attention, tides have turned, and we will forever hold you in our hearts, the last hole is dug.

The angels said:

Your place was ready, in dog heaven above. But that you would leave being all those pearly loves.

From you to us:

So, when tomorrow starts without me don't think we are far apart, for every time you think of me. You will find my paw prints on your heart

Until we meet again, enjoy doggy heaven Buddy Bud.

We will be seeing you in your hair left behind, out the corners of our eyes, and the memories in our minds and hearts.

When we look up to the stars, the one that sparkles with the bark of joy, it will be you looking over us.
